

General information

The cabin and its furnishings meet a very high standard, must be treated with care, and must be left in the condition you would expect to find it. All Østensjø employees must consider it a matter of honour to display a good holiday spirit and understanding of nature, and to show concern for neighbours. Maintaining the company's good name must be borne in mind during your stay.

During your stay

- To avoid spilling water over the whole bathroom in the cabin, open the glass doors carefully and inwards first.
- It would be much appreciated if tenants deal with small jobs, such as replacing light bulbs, putting a new battery in the smoke alarm and so forth.
- Report if anything must be supplied/organised from the office.

- Use only the terrace/outside area which belongs to our part of the cabin. It would be much appreciated if you could help to keep the terrace free of snow.
- The cabin owner can assist with questions/problems (but he is also on holiday).
- Everyone is requested to do their share of snow clearance around the cabin so that it does not pile up too much.
- Otherwise see the cabin rules.
- In the event of problems, call Mangor Stava (the cabin owner) on 98 28 29 14.

Before departure

- The check list and cabin log must be completed and placed in the binder.
- We hope that everyone makes an entry in the cabin log.
